SUMMARY

Product leader with 9 years at Amazon building AI-powered platforms and fintech products at global scale. Shipped a Gen AI automation strategy (\$30M annual savings, approved and funded) and payment products touching 20M+ customers. Before Amazon, 2.5 years at Mu Sigma in decision science shaped an analytical approach to product decisions and business cases. Known for turning complex, ambiguous platform problems into structured roadmaps with measurable outcomes.

EXPERIENCE

Sr. Product Manager – Tech

Dec 2020 – Mar 2026

Amazon Worldwide Customer Service · Bengaluru, India

Led product strategy for Amazon's contact-handling platform serving 300,000+ CSAs processing 100M+ contacts annually across 20+ global marketplaces; owned end-to-end roadmap across 7 product areas spanning AI automation, knowledge management, and customer care.

- Defined Gen AI wrap-up automation strategy: \$30M annual savings business case projecting 22-second AHT reduction per contact across 300,000+ CSAs, approved and funded
- Launched AI email automation across contact types; achieved 2.5% contact reduction against an entitlement of 5M annual contacts (4% of total volume)
- Led product strategy for RAG-powered CS Help Chatbot, transitioning the Knowledge Platform from static article search to conversational AI for real-time associate support
- Owned Account-related and Payment-related contact types end to end (~15% of Amazon CS volume); led full platform migration, completing rollout by end of 2024
- Scaled India PM function from 1 to 4 PMs; recruited, onboarded, and mentored early-career hires into independent contributors owning complex, multi-stakeholder product areas

Sr. Product Manager

Apr 2017 – Nov 2020

Amazon Pay India · Bengaluru, India

Owned the Rewards and Discounts platform end to end (cashback, bank discounts, and No Cost EMI) across customer-facing journeys, internal promotions infrastructure, and CSA tooling.

- Launched Instant Bank Discount end-to-end: solved mixed-cart UX, bank processing logic, and real-time eligibility; coordinated across 5+ teams including Finance, Legal, Categories, and Payment Networks
- Built and shipped No Cost EMI for Amazon India, enabling EMI on full cart value with bank partners; expanded access for price-sensitive customers at scale
- Developed Central Rewards Console, a self-serve platform enabling business teams to configure and launch promotions without engineering dependency; onboarded 5+ business clients
- Reduced customer contacts by 70%+ through improved self-service flows; platform touched 20M+ customers

Product Manager - MBA Internship

Apr – Jun 2016

Amazon India · Bengaluru, India

- Launched PSP messaging on payment pages and developed electronification customer journey to migrate cash-only customers to digital payments (in partnership with Finance)

Business Analyst → Senior Business Analyst

Oct 2012 – May 2015

Mu Sigma Inc. · Bengaluru, India

- Led 10-analyst team on analytics engagements for Fortune 100 clients; automated full reporting suite (60% effort reduction) and improved customer misdirection by 50bps on a platform serving 4M+ weekly visitors
